A Celebration of Life 2020 - ONLINE

Watch Aidan's video (~4 minutes) on the Artemis Mission identity. Design your own Artemis mission patch below.

You will design your own Artemis program patch. You can either:

- Redesign the Artemis Program Patch – Program will return humans to the Moon and onto Mars
- Redesign the Artemis I Mission Patch – Uncrewed launch of the SLS and Orion spacecraft
- Design the Artemis II Mission Patch – Crewed test flight of the SLS and Orion spacecraft
- Design the Artemis III Mission Patch – Land the first woman and the next man on the Moon

Artemis Program Patch

Artemis I Mission Patch

Artemis II Mission Patch

Artemis III Mission Patch

You can make your mission patch any shape, any color, or add any symbols – but make sure they have ***MEANING*** - How do they connected to the Artemis Program? Draw your mission patch on a separate sheet of paper and explain your design in the space below, on another sheet of paper, or labeled on your drawing:
